-Mrs. A. M. Sloss, living near this city, died on Sunday morning last, after a long and painful illness.

-Grant Howell, St. Joseph, spent a few days in our city this and last week, visiting his father and mother.

-Pol. W. Kunkel, one of New Point's successful merchants, was in Oregon on business last Tuesday.

-Every Republican in East Lewis township should attend the meeting of Blaine club, at Storrett's Opera House.

-The editor of the Sandy Lake News, who is a clergyman, and therefore good authority, says: "Prompt payment of subscription to your home paper is one of the best modern tests of Christian character."

-The two Johns at Forest City last Thursday, declared that the defeat of the Republican party was certain. It's our opinion they will know a great deal more after election. These two Johns predicted that Hancock would sweep the field; they predicted that the prosecuting attorney of Holt county for 1883-4 would be a John, &c., and so on.

- To keep rats out of the pantry get a lot of cats. We have known instances where a half dozen cats who understood their business could manage to keep one rat out of the pantry. Then you can live nine men with clubs to keep the cats out.
- Mr. Will Waller, recently assistant foreman of the Kansas City Times composing room, arrived in the city last night, and will assume charge of the circulation and correspondence of that paper here.—St. Joseph Gazette.
- A handsome sum was realized at the sale of stands for the Fourth of July, on Saturday last. \$119 was realized. The purchasers were Hamp Price, Jas. Foster, Andrew Payne, Bartram & Lyman, John Peters.
- Married, at Pella, Iowa, June 12th, Mr. Frank Peter of this city and Miss Rachel Colthoun, of Pella. The bride couple arrived in our city a few days ago, where they will make their future home. THE SENTINEL's best wishes are tendered the couple, and may it be a long, long time, ere they part.
- The Man from Texas, Henry Oldham's new novel, shortly to be published by T. B. Peterson & Brothers, Philadelphia, Pa., is a powerful romance, sure to make a decided sensation. It is entirely about Americans, and with an excellent plot, not borrowed from any of the worn out romances, but is given its interest from the peculiarities of life in the section where the scenes are laid, in Missouri and Kansas during the closing days of the rebellion, and a more vivid and stirring description of guerilla warfare was never given, being a true and impartial picture of those dark and terrible times. There is a strong flavor of reality about the romance that adds greatly to its charm, while plenty of love scenes are provided, and we predict for it a large sale. Local agents are wanted in every county; large wages can be made, as it is published at the popular price of 75 cents in paper cover, and \$1.25 in cloth. Address at once, T. B. Peterson & Brothers, Philadelphia, Pa., for special terms to agents.

- Anderson & Boyd will sell you a Buggy, Cart or Spring Wagon at St. Joe. prices.
- Screen doors and blinds at the very lowest living prices. Call on Lora Baker.
- Be sure and celebrate in Oregon, and stay and witness the fine display of fire works in the evening.
- The general stock of goods at Anderson & Cummins is complete in every particular, and goods are being sold at especially low prices.
- Lost, on Sunday, June 15th, between the residences of H. Soper and D. Zachman, a gold and jet cross breast pin. Also on June 15th, while out driving, a pair of gold spectacles, in case. The finder will be rewarded by leaving the same at this office.
- Rev. W. T. Gordon, of Burlington Junction, came down to Oregon last week and purchased thirteen head of Holstein cattle of W. A. Gardner—six cows, six calves and one three-year-old male. Mr. Gardner will start east soon for the purpose of buying some more of his favorite cattle.
- If you want to build or make repairs on your buildings, you will hear something to your advantage by calling on J. L. Allen at the Lumber yard, Oregon. Shingles \$2.50 per M; Fence-lug \$20 per M. Coaling, \$24 per M and other lumber at proportionate rates. No shoddy goods kept.
- When Col. Ettenson, the genial proprietor of the Star clothing store, St. Joseph, so far overreached upon the old established prices as to advertise a great linen shirt for 50 cents, and a great suit for \$1.25, everybody was taken by surprise, but now the Star comes to the front with a gent's elegant summer suit, coats, pants and vest for \$2. What next, Colonel.
- Lizzie Bradley, of White Cloud, Josephine county, Kansas, finished her forty-fifth day of deliberate self-starvation Friday. This is no doubt the most remarkable case of total abstinence from food ever known. The young woman is thirty-six years old, the daughter of a well-to-do Englishman of White Cloud. Between the two has long existed a quarrel, culminating in the refusal of the father to give her a portion of his deceased wife's insurance money and other property which he might bequeath to her by will. She left the house taking the eleven year-old niece, daughter of John Weathers, of Joplin, Mo., with her. She was afterwards taken ill and lay sick seven weeks, when Weathers came and took his child from her after she had cared and provided for it eight years. Upon this occurrence she refused to eat or speak, and has continued to deny herself of food or verbal intercourse with her friends for a period of nearly seven weeks. She is greatly emaciated, and has every symptom of a person on the verge of death by starvation. She is now in such a shattered condition that she could not hold food on her stomach, and is wholly beyond the aid of physicians, and her death may be expected at any moment.—White Cloud Review.
- By going to Anderson & Cummins, you can buy prints from 50c to a yard up.
- Frank Peter has gone to house keeping in the Dan Martin building south of the bank.
- The finance committee of the Fourth of July celebration has appropriated \$200 for fireworks.

- Levi Zook has been in St. Louis this week attending the Democratic Convention. He was elected a delegate to the Chicago Convention. Levi is entirely out of politics.

- Mrs. W. A. Lyon, Fairbury, Nebraska, is the guest of her sister, Mrs. D. M. Martin. She will spend several weeks visiting relatives here.
- C. W. Thomas, of Oregon, Mo., a graduate of our Normal, and one of the most promising young men of the State, has been in town this week, attending the Normal.—Kirkville Journal.
- Mrs. Mary Sterrett has moved into her new room, on the west side of the public square. She now has one of the finest arranged store rooms in this section of the State. She is now laying in the finest stock of millinery and fancy goods ever brought to the county. The building of this store was in the hands of Mr. Lora Baker, of this city, and is a first-class job in every particular.
- While Dr. Butler, wife and child, were on their way to Forest City, in their buggy on last Wednesday, when crossing the Adolph bridge, the horse became unmanageable, and backed the vehicle over the bridge, throwing its precious load into the deep ravine below, a distance of some fifteen feet. The Doctor was bruised up some, though not seriously. Mrs. Butler and her infant son escaped unharmed.
- The Missouri Fish Commission have issued the following circular: "Our Carp in the Forest Park Ponds, and at the St. Joseph Hatchery, have spawned well. **Humpty Dumpty!**

From New Orleans, the largest man in the world, being twelve feet in circumference, will arrive here on the evening of the 3rd of July on a short visit to his cousin, C. O. Prond. He brings with him a thoroughbred Arabian steed and will parade our streets on the afternoon of the fourth mounted on this fine animal.

**The Yosemite!**

A distant relative of T. S. Hinde, will also be here. He has a world-wide reputation of being the tallest man on the globe, measuring 12 feet and three inches in height. It will repay all to travel miles to see these wonderful men.

—James DeBolt, Mrs. Kennedy and Robbie Walters, of New Point, were entertained Saturday and Sunday by Mrs. Susanah Kennedy and her daughter, Ella.

—George Lunsford of the upper bottom was in our city a few days ago and reported John C. Hinkle as having lost sixty head of fat hogs last week from eating young coon skins. He also says that five head of cows died at his place during a single night from the same cause. This is a new source of fatality among stock and our farming community will do well to look closely into the matter.

—Quite a pleasant surprise was had at residence of J. M. Foster, Jr. last Thursday, it being the occasion of Mr. and Mrs. Foster's birthday. A good dinner was served which consisted of all the dainties of the season. A good time, good music, both vocal and instrumental. The presents were many as well as beautiful, and the day was one to be remembered by all present, and in the evening all left for home wishing the host and hostess the return of many such birthdays.

—The second largest source of revenue to the U. S. Government from any one branch of business, is derived from the production and manufacture of tobacco. Blackwell's Durham Tobacco Co., of Durham, N. C., claims to be the largest manufacturer of smoking tobacco in the world. The reputation of Blackwell's Genuine Bull Durham Smoking tobacco is too firmly established to need any commendation at our hands. In another column our readers will notice their new announcement which is of interest to all lovers of the weed. The company are personally responsible, and when they announce that they will give away \$11,950 in cash, it is an assured fact that they mean just what they say. Smokers will find an opportunity of combining business with pleasure by reading their announcement.

A SONG  
THAT NEVER GROWS OLD.

We read of a French Emperor who kept a book to record the noble deeds and heroic actions of his subjects, but alas, he found it too small to contain all the noble sacrifices and chivalric deeds worthy of record. So we find this space inadequate to refer to the smallest fraction of the marvellous and really astounding bargains we have for an appreciative public—bargains only to be seen to strike the masses at once like a regular whirlwind of popular favor.

WE NEVER TIRE

of selling goods cheap, because we inspire the masses; we benefit them; we encourage hope for their betterment; we build up a lofty enthusiasm by pointing the way from the low grounds of adversity to the strong heights of prosperity. All along

LIFE'S PATHWAY

are strewn the wrecks of once bright promises. It is paved with the bones of illustrious victims. You ask us what has done all this? How can you sell cheaper than your neighbors? How has your drawer been filled with the potent metal that will buy the world, when so many start with such lofty pretenses and are soon not even a memory. We answer: by buying at the Fountain Head—with the Dollar of our Daddies, when, like the present demoralization, over production is bearing its fruits. Years of sleepless energy, heroic work, and triumphant victories have left no impress that can be tortured into a dampened enthusiasm or broken resolution. Never has our stock of turning implements been so unusually low. Our prices are low and we are glad to sell at, and consider it a favor for you to call for them. It becomes the duty of every farmer to stop and inquire if there be not some easier, quicker road to success in life than the one over which they are not tramping—whether there is not a way to buy lower and save the surplus, and at the same time supply the wants of the farmer. There are no persons so well posted and shrewd in purchasing who cannot learn something, and as such, as well as others, we submit this address. We handle a full line of the latest improved Agricultural Implements, Cultivators, Sulky Plows, Corn Drills, Reapers, Mowers, Shovels, Barrows, Hardware, Spouting and everything to be found in a first-class hardware and implement house. Give us a call and be convinced that we will sell as cheap as any house in Northwest Mo.

ALLEN & FRAZER, Craig, Mo.

**CHAMBER.**

The Republican National Committee had excellent reasons for calling the convention at an early date. If the Republican workers of Holt county will make the best use of the opportunity thus secured, it will be found of very great and possibly of decisive advantage in the contest. In many localities around us, the Republicans have already perfected working organizations for the campaign, and are rapidly sweeping into their ranks young men who are about to cast their first vote, and voters formerly Democrats, whose names and the principles of the Republican candidates strongly attract. In our opinion the Democratic party is weaker by many thousands votes already than it was before the Republican nominations were made. If the Republicans of Holt will organize thoroughly and promptly, and set to work with the earnestness shown in many localities, they will secure important gains, that could not be otherwise made. There is needed in every voting precinct in this county, campaign organization to bring into active co-operation those who are disposed to support the Republican candidates, to distribute as early as possible campaign papers among those voters whose minds may be reached by sound reason and solid facts. Every day of such work, at this time, before partisan excitement has been raised, will be worth weeks of hard work later in the year. The work of the campaign will best be done by those who put their whole hearts into the work, and the young Republicans are almost everywhere especially enthusiastic for the Republican ticket. At any rate, the time should not be lost. Campaign organizations should be in activity in every quarter before another month has passed, placing sound Republican papers and documents before all voters who may be influenced by them, and enlisting the co-operation of all former Democrats who may be willing to join the good work.
